

LONDON HIGHER FACTSHEET 2018

DESTINATIONS OF GRADUATES FROM LONDON IN 2016/17

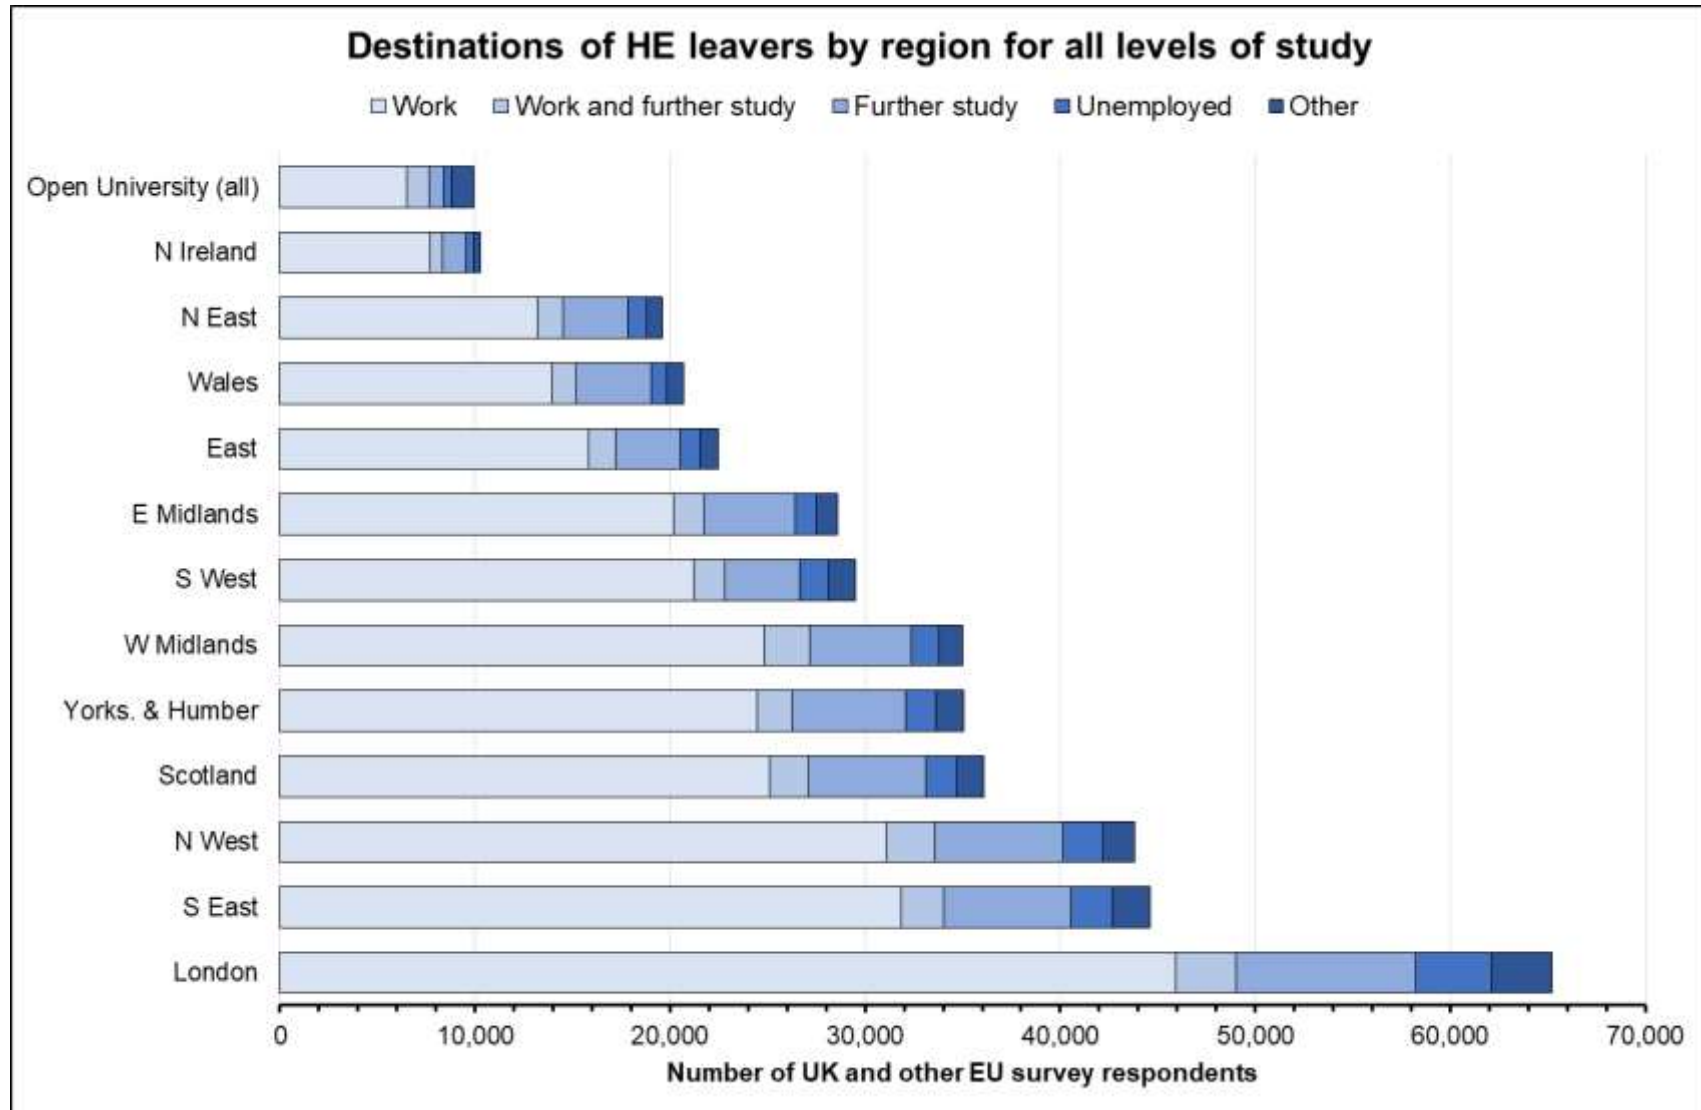

1. Graduates are currently surveyed six months after completing their higher education (HE) studies about their initial work or study activities;
2. In the latest survey 170 HE providers in the UK supplied data including 40 HE institutions in London;
3. Over 65,000 UK and other EU graduates from London HE institutions responded, forming 16% of all respondents to the survey;
4. In London 70% of respondents were in work, 25% were carrying out further studies or combining work and further study while 6% were unemployed, but there were differences according to level and mode of study;
5. These figures were similar to [findings for all of the UK](#) where 71% were in work, 21% in further studies or combining work and further study and 5% unemployed;
6. Unemployment in London was highest for graduates who had completed their first degree;
7. For UK and other EU graduates who studied in London 73% found employment in the capital, and a further 17% were working in the East or South East;
8. Combining response rates for all London HE institutions indicated the greatest variation in survey responses was with students studying part time for postgraduate or non-degree awards.
